Github

Sass

GSAP

PEOJECTS

➤ Daraz Clone

It's a clone of Daraz. A visitor can see the Items listed for sell. He can add Item to cart. Search for an Item. He can also create an account and add products to sell. I used React Js to build the ui and used Node Js In the backend. It's a Full-Stack React App.

➤ Admin Dashboard

It's a Admin dashboard that visualizes the data. It makes it easy to understand what is happening in the website. I used React and Chart JS to make this this website
